Goldwing Road Riders Association

Region J, Chapter BC-A, Vancouver

April 2011

## *From the Chapter Directors...*

### **"Frampton Comes Alive 2011 -4"**

Before I write my CD Report I just want to let everyone know that this month's newsletter has been produced by our new Newsletter Editor Rob (Sarge) Gosselin and without him stepping up to take over from David Priestley we would not have a newsletter any more. A great big thank you to, The Sarge.

April is one of the teaching months and if you check out your 2011 Ride Schedule, you will find some great course that your chapter has put together for your benefit. Two ARC 1 Up courses and a Group Riding course just to name a few. Courses continue in May with a Road Captain/Co-rider course and a ARC 2 Up course. Remember these courses are all put together so you might become a better and safer rider, don't let them pass you by. Speaking of courses, hopefully we will be able to continue giving you courses such as the ARC 1 Up and 2 Up, because our ACD Rob Ellis and myself are taking the RCICP course to become GWRRA certified Rider Instructors. Along with Doug Hildebrand and Harold Arthurs from BC-D, we have all passed the pre-classroom part of the course and will be heading down to do a 4-day course in Washington to complete our training in May. Wish us luck! On the chapter stores front we are still waiting for our new shirts to arrive and hopefully we will be ready to start the Chapter Participation Challenge on May 1<sup>st</sup>, more news to follow. You might have noticed the photo above, that's the new driving lights I installed on our GL1500 just this past month. They look great and the best part was I got them at the Chapter BC-A Silent Auction for only \$5.00, so try not to miss our auction next year and you might pick up a bargain or two.

Ride safe,

## GORD HEPPLER MEMORIAL RUN

The Gord Heppler Memorial Run was started nineteen years ago by his wife Jackie Heppler with the sponsorship of the Greater Vancouver Motorcycle Club. The loving memory of her husband's enthusiasm for motorcycling and his love of children led her to start the Run to help those children fighting to have a life free from cancer. Gord was a long time active member of the Greater Vancouver Motorcycle Club who died of cancer on May 21, 1992 at the age of 44.

The first Gord Heppler Memorial Run was held in 1993. The Run includes a ride through awesome, winding back roads, remote farmlands, and scenic mountains all in the Fraser Valley of British Columbia. The ride usually lasts about three hours ending up at a final destination for a barbecue and warm camaraderie. All those who are registered for the Run are tracked as they check in at the check points where they do activities for points towards prizes at the end. If any one does not check in at the end of the Run a round up crew is sent out. Working with the social workers at the Vancouver's Children's Hospital Jackie each year designates what that year's proceeds from the Run will be spent on. The support of the motorcycling world in the past years has allowed them to purchase home infusion units, portable monitored and metered I.V. machines, T.V's, V.C.R.'s, and videos to help inform the children as to what is happening to them and what is being done for them. They also purchased some entertainment videos to try to help take the children's minds of their fears and often painful treatments that they must endure.

2010, marked the eighteenth Annual Gord Heppler Memorial Run. With the help of the motorcycling public, the Run raised \$17,864.71 which a group of the Greater Vancouver Motorcycle Club presented in person on the Children's Hospital Miracle Telethon. This brings the grand total raised in eighteen years to \$124,939.88.

*Thanks to the Greater Vancouver Motorcycle Club*

### Team Riding the GW way

It has finally arrived! Riding season is upon us and we are all starting to get on the road. This is a perfect opportunity to do all of our spring tune-ups. The bike maintenance day (02 Apr) will get the scooter in shape and exercises will get us in shape.

- A medic first aid course or an ARC will tune up our driving and safety skills and hopefully prepare us to meet traffic.
- The Group or Team riding seminar can show us the etiquette involved in riding in a group.
- As we all know when we ride in a group, there are certain expectations we have as to the conduct of all concerned.
  - First, there is the adage 2 tanks full and 1 tank empty. This refers to your tummy and gas tank being full and the rest left unsaid. That being said it refers to a planned ride not a spur of the moment blast.
  - Second, the CB is a beautiful tool to communicate. We usually keep chatter to a minimum so the Lead and Tail can do their jobs. That way if there is a problem, the message gets out quickly.
  - Third, the Ride Coordinator should have a safety meeting before the ride where the ride order and destination is discussed.

I'm sure you will agree that if we follow these simple guidelines our rides will be fun and safe and knowledgeable. We have a Team Riding Seminar coming up on April 17<sup>th</sup>. It will take place at the ABC restaurant after BC-A meeting. I encourage all of us, especially us older members, that this will be invaluable for making our rides more enjoyable.

### Fun Facts

(do you have any fun facts? If so, send them to the editor)

- A bike is stolen every 18 minutes, 75% are stolen from their owner's house.
- The Honda C90 is the best selling motorbikes at around 35 million (as at November 2002), end-to-end they would stretch 4 1/2 times around the world or half way to the moon, since 1966, on average, a C90 is made every 30 seconds. UK sales ceased in 2003 after 36 years of production but the bike is still being made in Indonesia and Thailand.
- Research proves that other road users are primarily at fault for around 60% of all bike crashes.
