Letter from the Chapter A Directors

A new year brings new beginnings, especially for the GWRRA. We started off the year as members of a brand new district – the North West Coast District which is comprised of chapters from BC, Yukon, and Alaska – a truly international district!

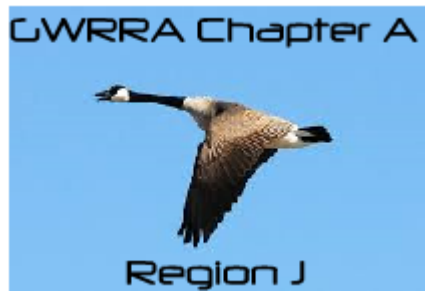

Kevin Bramhoff is our new district director and he has assembled a totally new team. Please join me in welcoming the District team:

Keiller Gowans	Ride Coordinator
Janet Turner	Treasurer
Linda Zervini	Membership Enhancement Coordinator
Kathy Estey	Motorist Awareness Coordinator
Gavin Karey-McKenna	Educator
David Ward	Webmaster

I am looking forward to working with this team to further the goals of GWRRA and the future of this great association. All changes bring challenges and growing pains however I think this team is well prepared to meet them head on and carry us into the future, whatever it may hold.

Dave and Giselle

BC's Chapter A is located in Canada's third largest city, Vancouver British Columbia. Situated in the pristine natural beauty of the Pacific Northwest and nestled between the shores of the Pacific Ocean and the majestic peaks of the Coastal Mountain ranges. Riders and Co-riders are blessed with an abundance of some of the most scenic areas available to motorcycle touring enthusiasts anywhere.

January 2018 District Report

North West Coast District - District Directors Message

Fellow Wingers:

A new year, brings change. The GWRRRA has gone through several, all of which take effect January 1st, 2018. As with all changes there is always resistance, sometimes out of fear of the unknown, other times stubbornness takes over.

Kevin Bramhoff is now the District Director for the new North West Coast District.

Our organization has not brought these changes about for the sake of change itself! They listened to the membership and realized changes were required for the overall good of organization. Some of these changes will not be easy for some members...I say embrace them. For it is when we embrace change we too grow and evolve becoming better for it.

As you are now all aware Region J no longer exists and the region was split into two districts. We are now NWC District – “The Great North-West Coast”. North West Coast District encompasses Alaska, Yukon, and British Columbia. I intend to visit all the Chapters in the District and see you all as soon as I can, yes including the membership in Alaska! As far as I am aware we are the Only “International District” in North America which is quite a distinction.

As district director I see myself as a catalyst for the changes coming...fewer rules, less politics and yes... “More Riding”. After all, that is why we are all here in this group, “riding our motorcycles”. This is the common denominator for all of us and will be the reason we gain new members.

The grass roots communication of “rider to rider word of mouth” about what a great group we are, the great rides, as well as the experiences we are exposed to is more than attractive to new members. We have proven that this works. That getting out there riding and embracing / welcoming other riders of other motorcycle types and styles is the key to recruiting new members. That diversity brings new knowledge and strengthens our ridership and our social network / framework improves as a result.

As the newly-appointed District Director I will work with our executive group to:

- Seek to increase membership in the association
- Introduce new aspects of motorcycle riding related activities such as rides designed to help attract new and younger members as well as keep the current membership engaged and riding.
- Make available education courses and materials to our members - especially to new members to keep them interested and focused, **throughout the whole district**

GOLD NUGGETS

January 2018 District Report Cont.-

- Increase communication with the district membership as well as other clubs & organizations seeking to find synergies that will benefit all members
- Work closely with members to ensure issues are addressed promptly
- Avail myself to hear your suggestions and support you as GWRRA members
- Maintain the long-standing traditions of GWRRA as well as introduce some "new ones" for the future
- Maintain the primary focus of our association, **RIDING** - as well as introduce related programs & activities making the GWRRA and our district attractive to new members.

There is no doubt that this will not be easy, however, I believe in this association and its members. Member's since 2013, Karin & I have been privileged to meet many members enjoying the many social aspects our association offers. We gained insight into riding styles, formed new friendships, and came to understand the long-held traditions of the GWRRA & our Chapter.

As the GWRRA was formed in 1977 there are some traditions that I would like to see carried on into the future. What legacy do we want to see in our wake? As we all "age out" of our chapter / group activities, the association will carry on being a platform of friendship for people with common interests and a resource for all those riders' future and past. This legacy will not exist without increased membership.

One of our biggest priorities as a group is to garner new members. I encourage everyone to "talk us up" where ever you go. This grass roots movement will provide the impetus and encouragement required to get new members. Be mindful...there will not be any legacy moving forward without members.

I would like to introduce our new direct team:

District Ride Coordinator - Keiller Gowans

District Membership Enhancement Coordinator – Linda Zervini

District Motorist Awareness Coordinator – Kathy Estey

District Educator – Gavin Karey-McKenna

District Treasurer – Janet Turner

District Webmaster – Dave Ward

District University Coordinator – Open – Should anyone in any chapter in the district wish to "Step Up" it would be most appreciated.

This group of enthusiastic, engaged, optimistic executive members will see their way clear to a new and improved version of the GWRRA in District NWC. They are a great team and will serve us all well.

I especially look forward to the New Year; "**Unleashing My Optimism**" for an improved GWRRA in our New District. Thank you for being members of GWRRA; your membership and participation is what makes GWRRA the best international riding association in North America. I look forward to meeting as many of you as possible in the coming year.

Until then, Be safe – Ride safe

Kevin Bramhoff – District Director
North West Coast District

We are still looking for a District University Coordinator if anyone should wish to "Step Up"

Membership Draw Article submitted by Kelly Parkes

On Sunday Jan 14th Dan Fortin led 5 riders in a roundabout 2.5 hr. ride out to Penny and Bob's home in Langley for a visit. We dragged Bob away, Penny's words, "from a foot ball game". The coffee was fresh and Penny had a nice assortment of snacks to go with some Tim Horton's that Chuck Taylor picked up on the way. We got a tour of the double garage to see Bob's collection of remote control toys. TOYS yes adult TOYS. Helicopters, planes and drones. It is hard to see a Goldwing and a Harley there as one plane was also on the wind screen of one bike. Bob is a wealth of knowledge about all of these and was busy answering many questions from us. He just happens to be a retired senior air traffic controller at The Vancouver Airport. We all had a very interesting visit. Some of us are going to join Bob and watch him fly at a field soon. I am wanting to buy a low cost beginners drone model to try this out. There seems to be a lot of interest in our group. Our thanks to Penny and Bob as this was a great addition to a January ride. PS Bob, Penny still wants you to make space in the garage for her new car. SPARKY

GOLD NUGGETS

50/50 Draw Article submitted by Arnie Tucker

The Joys of winning :-) I thought I would write about the upcoming bike show on January 19th, 20th and 21st. Janet and I have been to almost all the shows since the mid 90's. We

*Photo from last year's bike show
of Janet and Arnie*

have noticed changes over the years, particularly in the status of clubs. There seems to be less clubs. As an "Old Timer", I miss some of the original stuff that the bike show had. Like private vendors could bring in "parts" from old bikes and the like. I remember BC-A's booth was LARGE, big enough to have bike and trailer in a camping scene. Or other clubs showing how to "use" the different models for fun, whether it be off-road, competition, touring or standard riding needs. You younger members will eventually also say, "I miss those old days" Well, here's looking at you kid.

Arnie Tucker

BC Chapter A Member Profile submitted by Fred Grosser

Motorcycle Life

My very first Bike was an old 1939 250cc DKW 2 cycle I bought in 1948 with unknown mileage. It ran, most times well, with the occasional failure. It didn't have a battery and relied on the generator to supply ignition and light and every so often the regulator would fail. It's final moment was spend demolishing a bakery truck, itself and my left shoulder. Forwarding many years, a marriage and two kids later I finally got back into motorcycling by

buying a used black Suzuki 650 which I outfitted with a windshield, white hard bags and a tank bag. The longest trip I did with this bike was to visit my Sister in Oklahoma. and another one with my Daughter to Reno.

My next bike would be a 1100 Suzuki GKD, my first full fairing bike. After the first 600km, the recommended mileage after which you were allowed to exceed 3000 RPM I took my first long trip to Reno. The first chance on a long straight stretch of road I brought the speed to 160km but unfortunately shut the throttle too abruptly! This caused the forks to flex creating one of the worst tank slappers I've ever experienced with the bike occupying the whole road. Fortunately the only oncoming vehicle noticed my problem and pulled over well before my arrival. Lesson learned!

This bike I eventually traded in for a 1991 GL1500 Gold Wing. While owning this bike I heard about people with Gold Wings meeting at a small Coffee shop at 152nd and the Fraser Hwy in Surrey. The day I finally managed to attend no one was there! Eventually someone by the name of Bob (a Ham operator) told me the whole group had gone to a BBQ at Jordan and Carroll McRay's house. Being introduced to and meeting that group convinced me that being a GWRRA member would be a

good thing. I joined GWRRA in 1993 and have enjoyed many Wing Dings, Group rides and Rally's ever since.

Buying subsequent Gold Wings I learned a few things the hard way such as, buying the first new design such as in 2001, the first year for the GL1800. Problem with the front fork anti drive valve failure, cooling system failure, recall of the tip over switch. In 2006 this bike was traded in for a new GL1800 which I manage to total and "forced" me to get a new 2008 in 2009 which is the bike I currently have one.

Chapter A New Years Breakfast Submitted by Ian McAlpine

This year's Chapter A New Years Breakfast was a big success. We had 28 people attend and 1 motorcycle. Count on Chuck for showing up on this bike. It was a cool crisp morning. The staff at the James Street Café & Grill did their best but after a night of partying and a few staff members not showing up service was a little slow but we made the best of it. Hoping to find a new location for Jan 2019. Any suggestions?

A big thanks to Ian McAlpine for taking all the photos. He didn't get in any of them. Next year...

Events submitted by Dave Ward and Dan Fortin

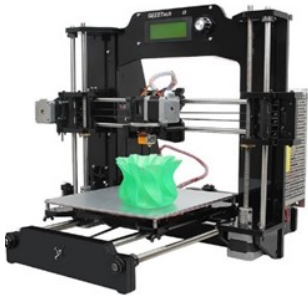

Chapter A's Annual Christmas party was a little different this year from past years. It was held at the Old Spaghetti Factory in New Westminster. We had 42 members and spouses come out to celebrate. No Gift Exchange or any other silly Christmas traditions, just us getting together for dinner.

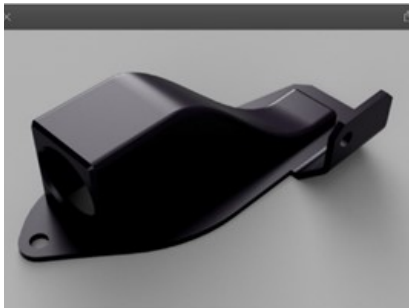

Tech Report submitted by Keiller Gowans

Welcome To the Future

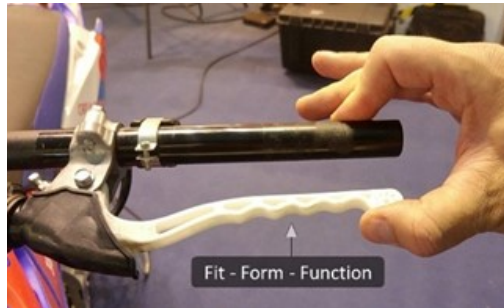

During the last year I have been introduced to the powers of 3D printing. I had no idea the abilities this little piece of equipment had nor its broad range of uses. I always thought this was some cool thing that happened only in a lab somewhere or within some high tech company but now after studying it for a while it turns out that not only can you design and print little gadgets at home but they print everything from prosthetics that promote the regeneration of a lost ear to major car and motorcycle parts. This year my wonderful wife bought me my own little 3D printer and no it does not take up an entire room (see pic). I am just now beginning to realize the learning curve but have already started printing a few small things and hope to increase my skills at design. I am sure we would all like to believe that we think in three dimensions but maybe not all the time. I am hoping that maybe working this way will be somewhat therapeutic and improve my social skills but that is probably a reach.

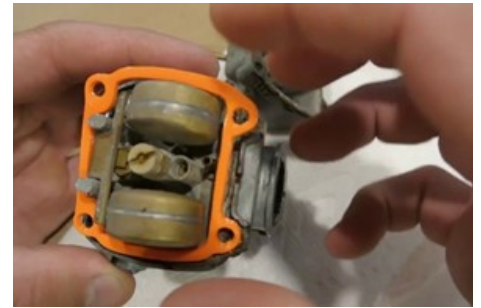

The example pictures that I provided were to show you a couple of different possibilities for printing something useful for your motorcycle at home. I believe that I would be ok with printing a part for a carburetor or a different angled bracket for auxiliary lighting but as for the clutch or brake handle? If your dirt bike breaks down you may be inconvenienced and have to push it for a while but if that brake or clutch lever fails it may be a bit more exciting.

Camera Mount

Clutch Lever

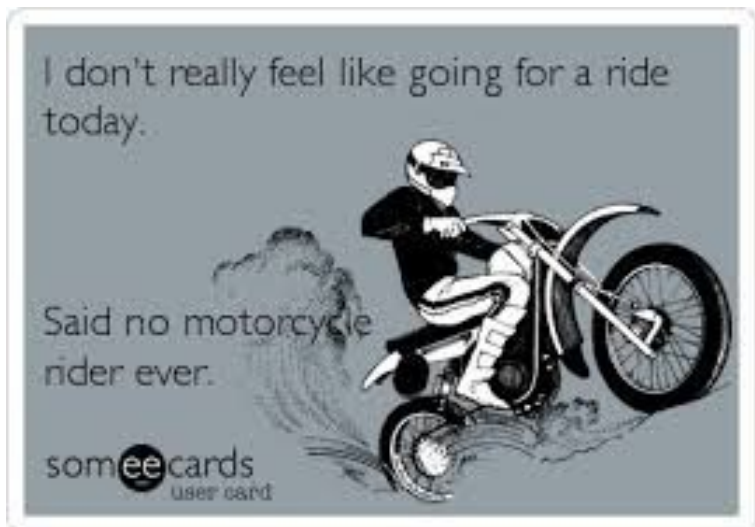

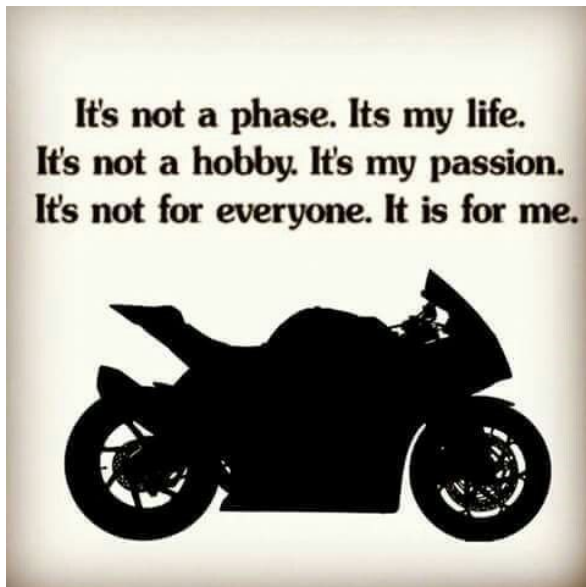

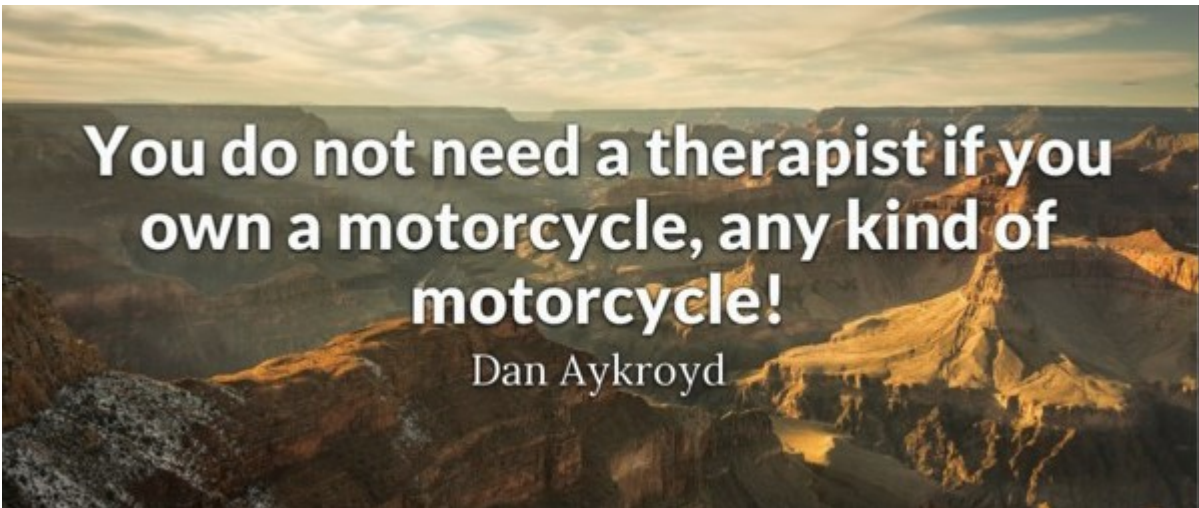

Carb Gasket

Battery Cover

If you can 3D Dream it, You can 3D Print it.

Wing Ding 40 slated to be held in Knoxville, Tennessee!

Knoxville, home of GWRRA's 40th Annual Wing Ding, is situated at the foothills of Great Smoky Mountains National Park. Three Interstates run through Knoxville making it easily accessible! The majority of the events will take place downtown at the beautiful Knoxville Convention Center.

Many exciting changes are happening including a completely revamped event schedule with less structure and more fun! To register or view the event schedule, visit www.wing-ding.org today!

Look what's new at Wing Ding 40!

We are going to introduce new events and ideas at Wing Ding 40. We'll feature one of the new events with each newsletter.

We want to open Wing Ding 40 with a party! We are going to move opening ceremonies to the Opening Night Party. Join us on Tuesday night, August 28th for fun, entertainment and the "official" opening. It will be a party in Knoxville.

Wednesday morning, we are offering a breakfast. During that breakfast we will present the colors for the event and announce the location for the next year. It will be a fun morning that will precede the opening of the Trade Show. So don't miss out, tickets are available for purchase now for this good breakfast and fun new way to start the day. Come join us!

You can call Customer Service to add these tickets to your existing registration, [800-843-9460](tel:800-843-9460).

If you haven't registered yet, the new registration form includes the breakfast.
